

# CHICAGO TRANSRADIAL SUMMIT

*Taking Transradial to  
the Next Level*

Saturday, December 3, 2011, 7AM-5PM

Renaissance Chicago Downtown  
1 West Wacker Drive  
Chicago, Illinois

This Transradial Summit will present practical, straightforward content requisite for establishing or expanding a successful transradial practice. Through the use of targeted presentations, high-definition case video, live simulation and interactive discussions with our expert faculty, attendees will gain valuable insights into improving their transradial technique, approaching complex patient subsets, and technical problem solving.
